K. BAILEY FREUND, MD\*‡§

Short-Term Outcomes of Aflibercept for Neovascular Age-Related Macular Degeneration in Eyes Previously Treated With Other Vascular Endothelial Growth Factor Inhibitors

VINCENT Y. HO, STEVEN YEH, TIMOTHY W. OLSEN, CHRIS S. BERGSTROM, JIONG YAN, BLAINE E. CRIBBS, AND G. BAKER HUBBARD, III Intravitreal Aflibercept for Treatment-Resistant Neovascular Age-related Macular Degeneration

Andrew A. Chang, FRANZCO, PhD,<sup>1,2</sup> Haitao Li, MBBS, PhD,<sup>1</sup> Geoffrey K. Broadhead, MBBS,<sup>1,2</sup> Thomas Hong, MScMed, BAppSc,<sup>1</sup> Timothy E. Schlub, BSc(Hons), PhD,<sup>3</sup> Wijeyahumar, MOTH, BSc,<sup>1,2</sup> Meidong Zhu, MBBS, PhD<sup>2</sup>

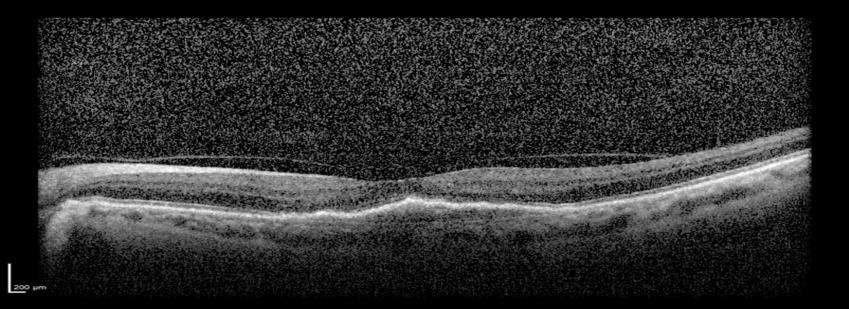

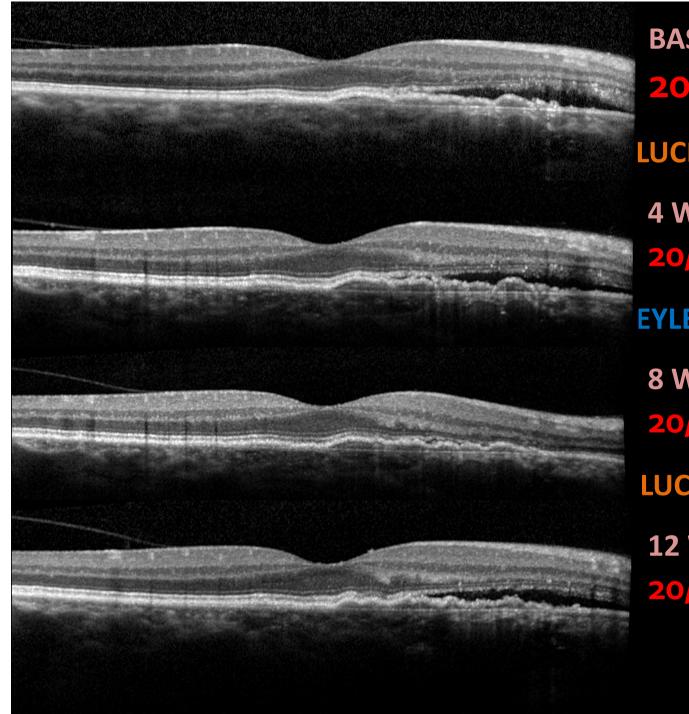

VERIFY LACK OF ANATOMIC RESPONSE TO THERAPY

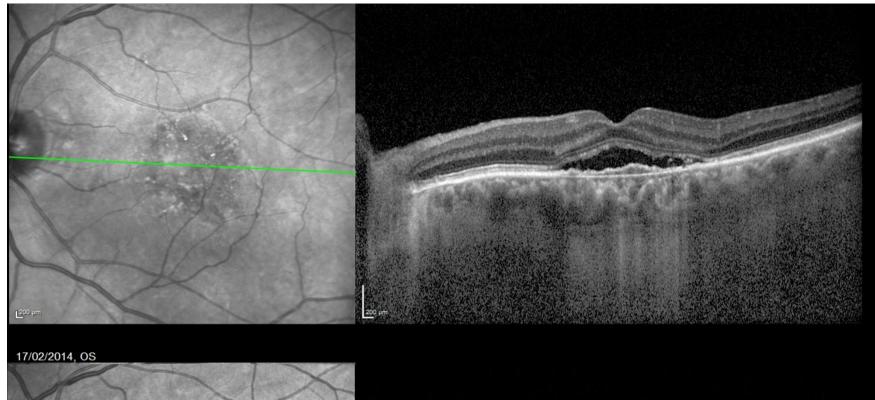

### PERFORM THE SWAP AFTER INJECTION #6

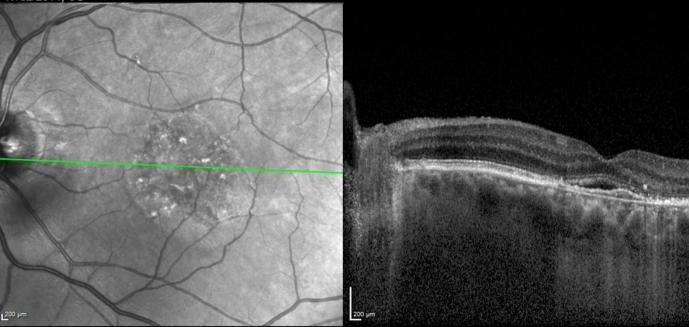

#### **INITIATE NEW TREATMENT WITH 3 MONTHLY INJECTIONS**

BASELINE 20/25 LUCENTIS **4 WEEKS** 20/30 **EYLEA** 8 WEEKS 20/25 LUCENTIS **12 WEEKS** 20/30

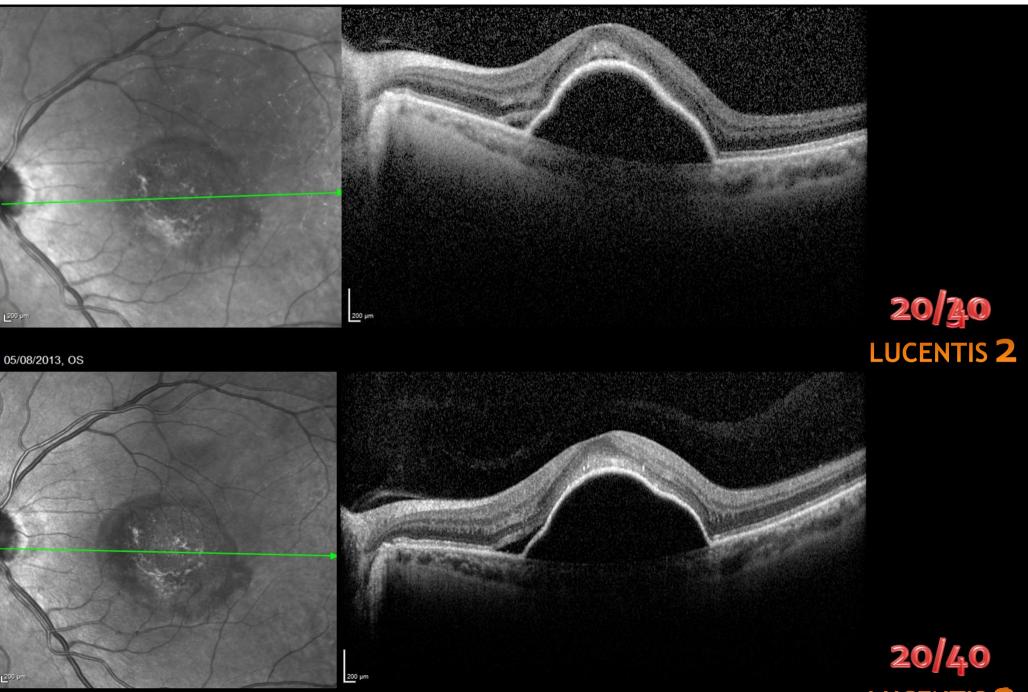

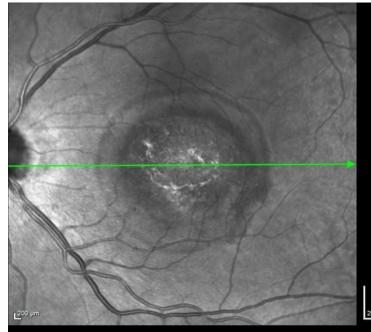

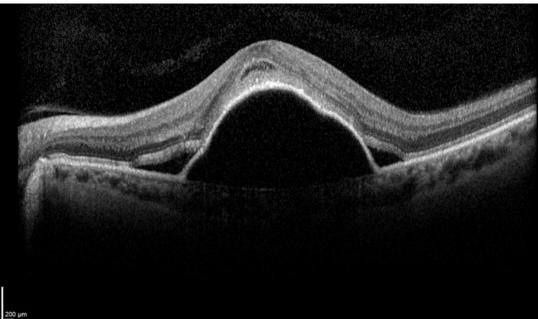

05/03/2014, OS

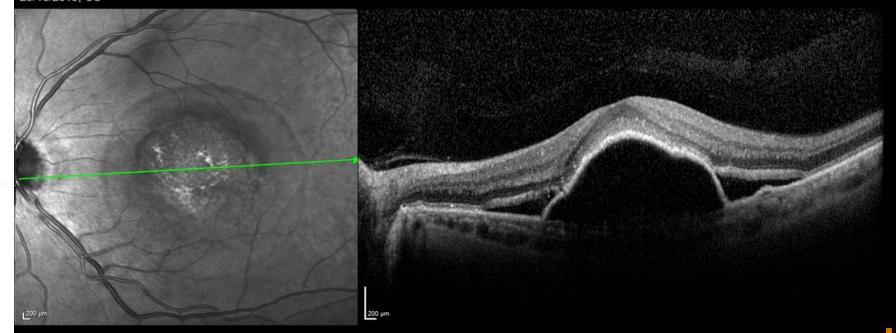

11/09/2013, OS

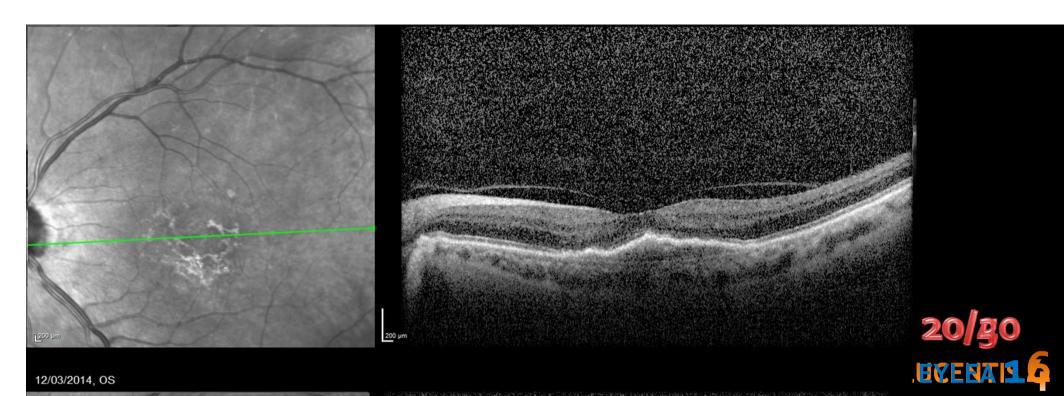

### **20/40** LUCENTIS **2**

23/10/2013, OS

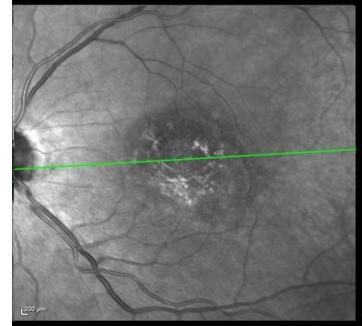

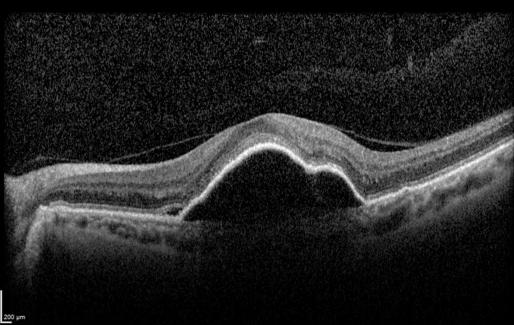

20/50 LUCENTIS 5

04/12/2013, OS

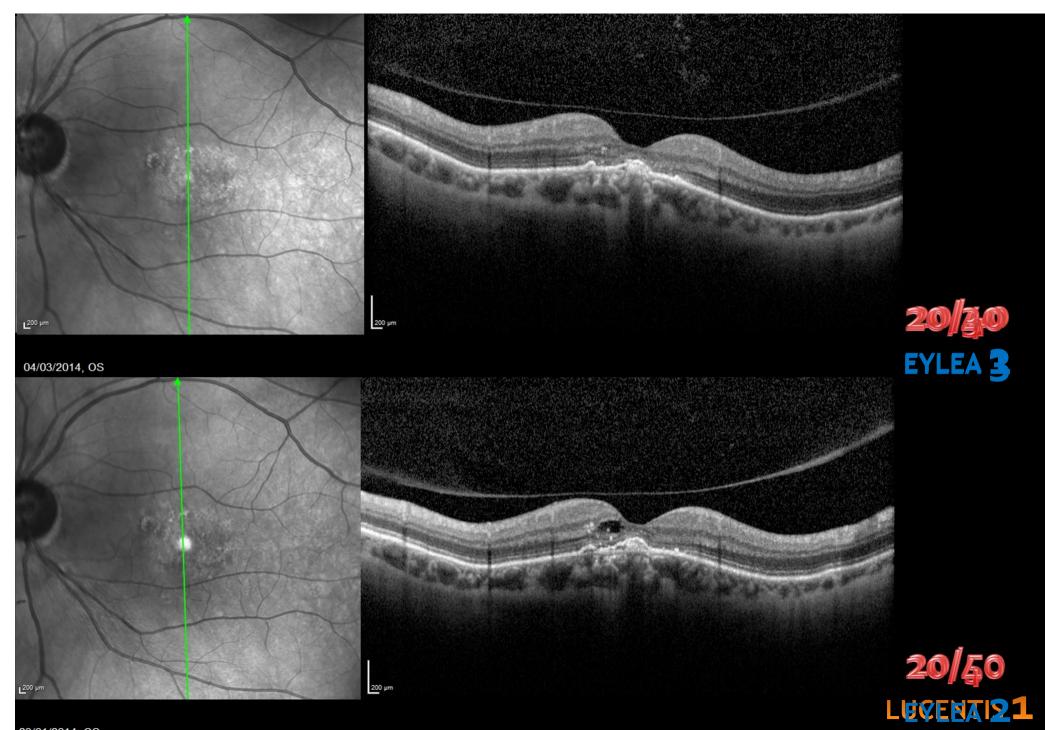

12/03/2014, OS

12/02/2014, OS

23/01/2014 OS

- Classify CNV by FA + SD-OCT
- Strongly consider EYLEA as first line therapy for certain cases
  - Loading dose with 3 monthly treatments
  - If persistent fluid ... consider monthly treatment
  - Second and following years ... go for treat and extend

- Strongly consider EYLEA as rescue therapy no later than injection #6
  - Avoid calling a wrong number

- Loading dose with 3 monthly treatments
- If persistent fluid ... keep treating monthly
- Second and following years ... probably go for treat and extend

### AMD CLASSIFICATION AND RATIONALE FOR THERAPEUTIC STRATEGIES

## IDENTIFICATION AND MANAGEMENT OF RESISTANT NEOVASCULAR AMD

# AMD MANAGEMENT ... What changes with a new player
